WELCOME TO  
CHEETAH SAFARIS  
LODGE

Your safari with us starts on arrival at Johannesburg International Airport, where you will be met by a Cheetah Safaris representative. From here you will enjoy a safe and comfortable drive or charter flight to Cheetah Safaris Lodge.

### *THE LODGE*

The traditional warm african atmosphere awaits upon your arrival in the bushveld. Cheetah Safari Lodge is situated in the savannah biome with a variety of grasslands and trees better known as the bushveld, rich in natural beauty and wildlife giving the lodge a character and ambience all of its own. The diversified wildlife around the lodge waterhole put down the benchmark for sumptuous bushveld living with the luxury of contemporary infrastructure and modern day facilities. The lodge offers luxurious accommodation with six spacious en-suite air-conditioned rooms.

Housekeeping and laundry are done on a daily basis. The lodge houses a elegantly furnished Trophy Room with a bar, pool table, dartboard, indoor barbecue, internet facility, satellite TV, dining and lounge area. A sparkling pool is ideal for cooling off after a long day in the African bush. The scenic beauty and lovely climate of the area can be enjoyed with the knowledge that there are not diseases like malaria and bilharzia.

After a rewarding day of hunting, the distant smell of the campfire from the open-air boma welcomes you back. Here, in a warm atmosphere, around the campfire, sundowners and snacks are enjoyed while you swop hunting tales and form new friendships. Our traditional South African cuisines are plentiful and are served with some of the finest wines our country has to offer. The chef at the lodge ensures a seamless operation in the kitchen and provides an amazing array of wholesome tasty traditional meals and desserts.

*At CHEETAH SAFARIS, we are truly dedicated to making your Safari an enjoyable memorable and unforgettable experience – even for the non-hunter.*

*Although I don't hunt, I do enjoy seeing the animals, and Carina and I had a couple of wonderful day trips to game reserves and one memorable afternoon in a bow blind watching all kinds of creatures. Our elephant ride was a very special experience that I'll never forget. The lodge is very comfortable, and I spent some relaxing afternoons just sitting by the pool reading, playing with the dogs, and watching animals. Every evening we thoroughly enjoyed Carina's wonderful meals (and Robbie's barbecue skills) while the men told us about their day's hunt. After our time at Cheetah Safari's lodge with the Bothma family and staff, I truly feel a part of the family.*

## *HUNTING AREAS:*

### *Limpopo Province*

Cheetah Safari invested in 10 000 acres of privately owned hunting land. This unspoiled wilderness is tucked away from the eyes of civilization. The area has been the hunting grounds of famous explorers and indigenous tribes for centuries. This prime hunting land brings with it an abundance of birds and wildlife. Cheetah Safaris has long been home to discerning bow and rifle hunters. Kudu's averaging 54.5" year after year is only one of our few proud achievements.

Cheetah Safaris also operates various other concession areas that would give you access to all huntable species in Southern Africa. It's rare to have a company that can offer you all of the dangerous and plains game of Southern Africa under one umbrella.

*John Henderson*

*Pieter: I wanted to thank you for the unbelievable hunt I had in South Africa. As you know, this was my 3rd hunt with you and Cheetah Safaris and it keeps getting better. The hospitality was incredible. You and your staff made me feel like family once again. The food as always was great and drinking wine by the fire was a great way to unwind after a full day of hunting. The thing that I can't believe every time I arrive is the quality of animals. My 1st Cape was everything I could have wanted and more. The Kudu was an animal of a life time and still stands as the world's #1 Kudu taken by a crossbow. Incredible!!! Please pass on my appreciation to your staff and family. I can't wait for my 4th trip to Cheetah Safaris. Thanks again!*

### ***RIFLE HUNTING***

Shots can range anything from 20 to 300 yards because of our wide variety of thick brush and open savannah. African animals can be amazingly tough therefore we recommend .300 caliber for plains game and .375 and bigger for dangerous game. All high quality ammunition like Trophy Bonded, Barnes X or premium soft bonded bullets comes highly recommended. Telescopes with a low to high magnification 1.5 – 6 x 40 will be adequate. Shot placement is the key to success. You will be issued with the Cheetah Safaris shot placement book, which will show you the vital areas of our animals.

### ***BIRD HUNTING***

Join Cheetah Safaris for the finest bird hunting South Africa has to offer. Our bird hunting is comparable to the best anywhere in Africa today and is of the highest standard. We have access to large “exclusive” areas throughout South Africa.

### ***BOW HUNTING***

With exclusive allocated ‘bow hunting only areas’, we offer some of the best bow hunting in the world. We specialize in dangerous and plains game bow hunts and will put you within 20 yards of your trophy. Your bow hunting guides (avid bow hunters themselves) are all very experienced. Success is just as important to us; therefore we primarily hunt from ground blinds. Our blinds are scent proof and comfortable to ensure maximum success. Blinds are strategically placed at saltlicks and waterholes. Pop up blinds, tree stands, tripods and traditional grass blind are also used successfully.

### ***RHINO “VITA DART”***

Cheetah Safaris offers rhino vita dart in selected areas. Kindly note that the application for the permit is a lengthy process. Book your rhino vita dart well in advance to give us ample time for permit applications. The rhino property ensures that it is a fair chase, which can be quite challenging. During your Rhino hunt there will be a licensed veterinarian and a helicopter on standby at all times to ensure the animal’s health. Unlike with a rifle, you have to get within 30 yards with the ‘dart gun’ or bow, ensuring a very exciting hunt.

Your Rhino trophy gets measured and can be sent to the taxidermy of your choice for the construction of your fiberglass replica. Cheetah Safaris was one of the first outfits to perfect the bow green / vita dart hunt. Pieter has guided Tom Miranda from ESPN on one of the first ever-filmed Bow Rhino Green Hunts (still showing on ESPN – Advantage Adventures).

Nothing can prepare you for being in the close proximity of such an intimidating live animal and the whole experience will imprint a lasting memory for years to come.

*I have had the privilege to hunt with Pieter in 2013 and 2014. When I first met Pieter at the HSC Convention it was obvious to me he was a man of few words but still demonstrated he possessed a great deal of personal character. Pieter immediately emphasized to me that if we hunted together we were hunting for quality animals and were not going to harvest the first animal we encountered. He meant it!! My first safari I harvested leopard, sable and cape buffalo. Pieter Bothma, wife Carina, Robert and all the additional staff at Cheetah Safari made this a most memorable "first safari" for my wife and I. We will take these fond memories with us forever. Pieter is not only a true professional, ethical hunter; he is a caring and sensitive human being. I trust his abilities and professional judgment in any hunting situation. I returned to South Africa in May 2014 for a lion hunt. After tracking lions for several days I harvested a true trophy. The lion measured 27 4/16", and will rank in the top twenty for the South Africa record book.*

## OUR TEAM OF PROFESSIONAL HUNTING GUIDES

Hunting is not just a job it's a passion for wildlife and its conservation for future generations. All our PH's needed to comply with a strict code of ethical conduct. They all grew up hunting and fishing as a way of life. Each of them has vast experience, which will ensure your hunting success. Accredited institutions certified them as top individuals in their fields. They are all expert bow and rifle hunters. All our guides spend more than 250 days in the hunting field every year.

### *Pieter Bothma*

(Cheetah and Sable)

Owner of Cheetah Safaris South Africa and Sable Safaris Zambia. Master Measurer, Member of PHASA, PHAZ, Houston and Dallas Safari Club. 2009 Winner of PH of the year for HSC.

With thirty-two years of experience in guiding and outfitting, Pieter is still a passionate hunter himself. He is an exceptional tracker and his ability to outsmart game is legendary. His experience with guiding bow clients on the dangerous 7 can be equal by only a few. His mild mannerism will install confidence in you in the stickiest situations. "There is no substitute for experience"

### *Carina Bothma* (Cheetah & Sable)

For the past 18 years Cheetah Safaris have been blessed with Carina who ensures a seamless operation in the lodge and kitchen. Carina is managing the logistics, office administration, customer services and marketing of Cheetah and Sable Safaris.

### *Christopher Bosman* (Cheetah)

Christopher is one of our young blood PHs who loves the outdoors. You will not meet a nicer and more "keen to please" hunter whose excitement is contagious. He will get the job done no matter what. Christopher has vast experience and have guided clients all across South Africa.

### *Jurgens Potgieter* (Cheetah)

Jurgens is one of our most enthusiastic laid back freelance PHs. He grew up in a game rich heritage of hunting and conservation. He is a licensed PH in most of the provinces of South Africa and has been hunting professionally for more than 15 years.

### *Jan-Karel Trichardt* (Cheetah)

Jan-Karel is one of our exceptional PHs with dangerous and plains game hunting experience. His quiet demeanor demands respect and will be sure to boost your confidence. Jan-Karel loves hunting the traditional way on foot and if you're up for the challenge prepare to store a few more miles of hunting adventure in your memory.

### *Cheetah Safaris Lodge & Field Staff*

Our superb team of skippers, trackers & lodge staff. Handpicked, experienced staff is employed to make you our client feel right at home to ensure your safari will be the most memorable vacation you will ever have.

*Karen and I really had a wonderful time during our visit to Cheetah Safaris in July 2016. The entire staff was warm and friendly and attended to our every need. The accommodations were excellent and the lodge was a great gathering place to relax around the fire, have a drink and recount the day's events. Karen had the time of her life at the Pilansberg game reserve - especially the up-close encounters with a large number of big African animals. She even got to see all of the Big Five in a single day!*

*The hunting was the "main event" for me and it was truly fantastic. I fulfilled a life-long dream of taking a large, mature Cape Buffalo. In addition to the buffalo, I was able to bag 11 other animals during my 8 days of hunting. But, I owe all of my hunting success to the PHs, Pieter Bothma (Owner/PH) and Renier Mostert (Chief PH) were beyond outstanding. They were able to locate, stalk the animals and put me in positions to make clean, successful shots. It was the hunt of a lifetime! Karen and I are already looking at the calendar to plan our next Cheetah Safaris adventure. Thank you for a truly great vacation! - Sincerely, Karen & Steve Martin*

*If you are looking for an Outfitter to meet your African Safari needs, look no further than Pieter and Carina at Cheetah Safaris. We looked for a long time before picking an outfitter. We have been to Cheetah Safaris for 4 years in a row and although we have hunted personally and with our clients all over the world, no one compared to these guys. They are by far the hardest working folks in the industry.*
